

**FEDERAL MINISTRY OF EDUCATION
FEDERAL SECRETARIAT PHASE III SHEHU SHAGARI WAY, ABUJA
CENTRAL BUSINESS DISTRICT
OFFER OF SCHOLARSHIP FOR 2021/2022 ACADEMIC YEAR IN
THE EGYPTIAN - JAPANESE -UNIVERSITY FOR SCIENCE AND TCHNOLOGY**

Federal Ministry of Education hereby wish to inform the general public that Egyptian-Japanese University for Science and Technology is cordially inviting Nigerian students to apply for M.Sc. Scholarship for the year 2021/2021 Academic session.

Interested candidates are advised to apply using the official online portal www.ejust.edu.eg on or before 13th February, 2021.

SIGNED: MANAGEMENT

E-JUST TICAD7

African Scholarship for STI
150 Opportunity within 3 years.

Egypt-Japan University of Science and Technology (E-JUST) invites applicants from African Countries to apply for M.Sc. Scholarships for fall 2021 enrolment.

Scholarship Covers:

- Tuition Fees
- Flight Tickets
- Accommodation
- Medical Insurance
- Monthly Stipend

Applicable Programs for this scholarship

Faculty of Engineering

- Electronics and Communications Engineering
- Computer Science Engineering
- Materials Science and Engineering
- Chemical and Petrochemical Engineering
- Industrial Engineering and Systems Management
- Electrical Power Engineering
- Mechatronics and Robotics Engineering
- Energy Resources Engineering
- Environmental Engineering

Institute of Basic and Applied Science

- Nanoscience
- Applied and Computational Mathematics
- Biotechnology
- Space Environment
- Energy Materials

Students Voice

EJUST was a home away from home. A melting pot of diverse cultures and experiences. My two years as an MSc student developed and refined my research skills and widened my academic and social networks. The supportive staff and research environment made my stay as a foreigner a pleasant one and I have fond memories with the university which still stand today. I am proudly a product of EJUST.

Kudal washe Nyamuchiwa,
Zimbabwe,
MSc. Materials Science and Engineering

The phenomenal research activity going on at E-JUST, which attracts a high caliber of academic staff from both Egypt and Japan is exceptional to none in the region. A master's degree in Mechatronics and Robotics Engineering from E-JUST exposed me to the recent research trends in this ever expanding field. What I find utterly amazing is the project based learning approach in which the courses are taken.

Oladayo Solomon, AJANI,
Nigeria,
MSc. Mechatronics and Robotics Engineering
