r, is a second of the second o		
	provision of WASH facilities such as bucket and	±
	soap, hand sanitizers and comply with NCDC	# of unity schools provided with WASH facilities and comply to
	detection, reporting, sample collection and response protocols	NCDC prevention protocols
	c) Provide psycho-social support guidance for	Availability of psychosocial guidance in the state
	school stakeholders (Learners, staff and	# of unity schools with guidance counsellors trained and
	visitors)	retrained on COVID19 safe and preventive measures
		# of states with guidance counsellors trained and retrained on
		COVID19 safe and preventive measures
	d) Make available to states national policy on	Evidence of dissemination of the policy to states
	completion of medical forms of students/wards	# of unity schools that comply with the recommendations
	by parents. Disseminate the forms to states for	# of states that adopt the recommendation
	adoption and implementation.	
	e) Recommend schools to provide and ensure	Evidence of dissemination of the recommendations
	parents submit the filled covid-19 testing	# of unity schools that comply with the recommendation
	consent form for all children	# of states that adopt the recommendation
	f) Recommend the creation of learners and staff	Evidence of dissemination of the recommendations to states
	health status database for all schools	Availability of staff and learners' health database
		# of state that adopt the recommendation on health database for
		learners and staff
3. Learning	a) Review/update guideline for safe learning	Availability of updated guideline for safe learning environment
	environment	# of states that adopt the updated guidelines

	b) Provide guidance on adequate learning using	
	shift arrangements while implementing safety	
	protocols	
	c) Provide guideline for digitization of learning	Evidence of guideline for digitization of learning
		# of unity schools with digitization of learning
		# of states that adopt the recommendation
4. Inclusiveness	a) Provide minimum standard for inclusive	Evidence of minimum standard on inclusive education
	education to ensure return to schools and	# of state adopting minimum standard for inclusive education
	regular attendance by persons with	
	vulnerability.	
	b) Provide guidance for ensuring safety, protection	
	and wellbeing of vulnerable persons (see	
	template /checklist on minimum standard)	
5. Policy	a) Review/update the existing draft National	Evidence of inclusion of outbreak and medical emergencies in
	Policy on Safety and Security in schools to	the existing draft national Policy on Safety and Security in
	capture outbreaks and medical emergencies.	schools
		# of state adopting the updated national policy on National
		Policy on Safety and Security in schools
6. Financing	a) Provide direction for shared responsibilities	Evidence of shared responsibilities between FME and
	between Education Ministry and its parastatals	parastatals
	at all levels and to repurpose funds for	Evidence fund repurposing for emergency
	emergency situations.	# of States that repurpose funds for emergency situations
	b) Mobilize funds from International Development	# of partners with commitment to fund education in
	Partners (IDPs), Private sectors, and	emergencies
	International Development Association (IDAs)	# of states with partners' commitment to fund education in
	for emergency situations	emergencies

Availability of costed activity plan for resource mobilization c) Advocate for establishment of multi-sectoral emergency basket funds accessible to education at national level and recommend for same at state level 7. Monitoring a) Develop framework for monitoring and evaluation at all levels. Provide feedback to stakeholders. Use findings for decision/policy making 8. Coordination b) Establish a coordination at all levels b) Establish a coordination structure for synergy and consistent information at all levels c) Develop implementation plan and tools for education in emergency d) Establish linkage with policy makers/authorities for reporting, policy advice and resource mobilization 7. Monitoring a) Availability of emergency basket funds accessible to FME # of states with emergency basket funds accessible to FME # of states with emergency basket funds accessible to FME # of states with emergency basket funds accessible to FME # of states with emergency basket funds accessible to FME # of states with emergency basket funds accessible to FME # of states with emergency basket funds # of states that adopt to the M & E framework and feedback mechanism # of states that adopt to the M & E framework and feedback mechanism # of states that adopt to the M & E framework and feedback mechanism # of states that adopt to the M & E framework and feedback mechanism # of states that adopt to the M & E framework and feedback mechanism # of states that adopt to the M & E framework and feedback mechanism # of states that adopt to the M & E framework and feedback mechanism # of states that adopt to the M & E framework and feedback mechanism # of states that adopt to the M & E framework and feedback mechanism # of states that adopt to the M & E framework and feedback mechanism # of states that adopt to the M & E framework and feedback mechanism # of states that receive feedback from FME Evidence of coordination structure at federal level # of states that receive feedback from FME # of states that receive feedback from FME # of			A
