Foreword

On behalf of the Teachers Registration Council of Nigeria, I am pleased to present the 2019 edition of the Annual Statistical Digest. In this edition, we have provided detailed information as at the end of 2019 on a host of indicators including registration, induction, professional qualifying examination and updated tertiary institution profile.

Our aim is to provide all stakeholders in the education sectors with the most comprehensive data for planning, decision making and other needs. To make this report accessible and continuously relevant as possible, it is available in both print and electronic formats (www.trcn.gov.ng).

The 10th Edition of the Annual Statistical Digest of the teaching profession that we have produced from the Council's Register of Teachers is expected to consistently address the issue of data availability in the education industry. It represents an important and unique source of information concerning registered teachers in Nigeria, programmes and activities of the Council geared towards the professionalization of teaching. It is freely provided for the following specific purposes;

- research for non-commercial purposes, including the use by educational agencies; Universities/Institutes, Ministries of Education and other organizations and employers in furtherance of their purposes;
- private/study
- analysis, criticism and review and
- news reporting

The Statistical Digest contains analyzed data based on the following;

- Registered Teachers based on States and their categorization
- Number of licensed teachers
- Number of graduates inducted in the various tertiary institutions
- Number of teachers in States that sat for the PQE, PQE Integrated, PQE Diaspora in the year 2019/2020
- Statistics of monitoring exercise on the 31st December disengagement deadline of unqualified teachers
- Profile of Tertiary Institutions (Universities, Colleges of Education and Polytechnics) in Nigeria

The publication is made to provide local, national and international education stakeholders a concise information on the registered teaching workforce, statistical information that are essential in planning on issues related to teacher recruitment, training and retention. It is my sincere hope that the publication will provide useful information to decision-makers, policy planners, researchers, and all stakeholders in the education industry. It would also provide a comprehensive baseline for monitoring progress as we advance and direct national efforts towards the achievement of our local, national and global commitments. I sincerely thanked all the staff of TRCN who assisted in the collation, editing and other support.

Introduction

FACTS ABOUT TEACHERS REGISTRATION COUNCIL OF NIGERIA

// *Vision*

An effective regulated teaching profession in Nigeria founded upon robust teacher education and practice, where teacher quality, discipline, professionalism, reward and dignity match international standards

// *Mission*

To assure excellence and professionalism among teachers at all levels of the Nation's education system; using effective registration, licensing, accreditation, monitoring and supervision of teacher education programmes, promoting continuing professional development and maintenance of discipline as paradigms for the overall renaissance of the teaching profession in Nigeria.

// *Motto*

Teaching for Excellence

// TRCN Mandate

The Teachers Registration Council of Nigeria (TRCN) was established by Act 31, of 1993 (now CAP T3 of 2004) in fulfilment of the quest for the professionalization of teaching. Nigerian teachers had over the years clamored for the establishment of a regulatory Council of their own as obtained for all professional groups to regulate the practice of their profession.

TRCN CAPT3 of 2004, Section 1(I) charged the Council with the following responsibilities:

- Determine who are teachers;
- Determine what standards of knowledge and skills are to be attained by persons seeking to become registered as teachers and raising the standards from time to time as the circumstances may permit;
- Securing in accordance with the provisions of the Act the establishment and maintenance of a register of teachers and the publication from time to time of the lists of those persons;
- Classifying from time to time members of the teaching profession according to their level of training and qualification;
- Performing through the Council established under this Act, the functions conferred on it by the Act.

// Implications of TRCN Mandates

The Act, in section 17(2) provides that on coming into effect of the law, it becomes an offence for an individual to teach, pretend to teach, use the tag of a teacher or earn the reward of a teacher without being registered by TRCN.

The Act, in section 7 and 8 empowers TRCN to accredit, supervise and monitor courses and programs of all teacher training institutions, which includes; Faculties and Institutes of Education of Nigerian Universities, Colleges of Education, Schools of Education in Polytechnics and the NTI. The law also empowers the Council to withdraw recognition from any of these institutions that fail to meet the standards set, and graduates of such institutions cannot be registered nor licensed and hence not qualified to practice.

Section 9 of the Act provides for the establishment of Teachers Investigation Panel [TIP] in all the States of the Federation including the FCT and Teachers Disciplinary Committee [TDC] which is a Tribunal at the TRCN Headquarters. The TIP investigates and verifies allegations of breach of professional ethics by teachers and forward cases to TDC for trial and punishment.

Sections 6, 13 and 1(i)(b) empower the Council to prescribe internship program, conduct qualifying examination to ascertain suitability of candidates before registration and set standards of knowledge and skill to be acquired and raise those standards from time to time through programs designed to continuously improve the quality of teachers in addition to mandatory professional development courses.
