		<p>13 affiliate institutions.</p> <p>(iv) A factor that may be responsible for the skewed staff/student ratio in some of the faculties is over-admission of students above the NUC quota for some programmes. This issue of over-admission was raised in the 2010 visitation panel report.</p> <p>(v) The staff development programmes in Ahmadu Bello University include sponsorship for post-graduate (masters or PhD) studies or conferences (either within the country or internationally). This has been achieved through the TETFUND and NEEDS Assessment Fund.</p> <p>(vi) There is also staff approval for 1 year sabbatical leave which allows for crossbreeding of knowledge with another university. In the period under review 2011-2015, only 28 academic staff received NEEDS Assessment sponsorship for postgraduate studies and 143 for conference attendance.</p>	<p>Organisations, should increase funding of staff development as the economic squeeze has made it extremely difficult for staff to fund further training from their meagre salaries. This will ensure quality staff and research in the university system.</p>

THE RELATIONSHIP BETWEEN THE UNIVERSITY AND THE VARIOUS STATUTORY BODIES IT INTERACTS WITH ACCORDING TO ITS LAW FOR THE PURPOSES OF SUPERVISION, PLANNING, FINANCE, DISCIPLINE, GUIDANCE AND ANY OTHER RELATIONSHIP	<p>The Panel examined the relationship of the University with the following statutory bodies : Federal Ministry of Education, Federal Ministry of Finance, National Universities Commission, Joint Admissions and Matriculation Board, Education Trust Fund, Petroleum Technology Development Fund, Council of Legal Education, Council for the Regulation of Engineering in Nigeria and Governing Council and was found to be in generally cordial relationship with them during the period, with room for improvement.</p> <p>(i) During the 2011–2015 period, the Council was well composed with Pro-chancellor and chairman, Vice Chancellor and two Deputy Vice Chancellors, five appointees of the Federal Government, Senate (4), Congregation (2) and Convocation (1) representative(s) and the Registrar also as secretary of Council. This gives a total of 23 meetings which meets the stipulated 20 regular meetings expected within the period under review.</p> <p>(ii) The proceedings of the meetings of Council were rich and showed a focused Council working for the growth and development of the university. They were able to manage the crisis on the selection process of the principal officers of the university to avert further escalation, although the re-appointment of the Bursar which was found expedient at the time without taking cognizance of his record of poor performance is regrettable.</p> <p>(iii) The process of selection of the Convocation Representative in Council has been criticized in a memo from ASUU and other individual submissions. During the period under review, the President of the Alumni automatically takes this seat. However, the Convocation is composed of all graduates of the</p>	<p>supervision and partnership between FME and the university is functional and should be sustained.</p> <p>(vii) FME should encourage the university autonomy as prescribed by extant law and policy guidance of the Federal Government.</p>

Therefore, leaving it for the president of the Alumni skews the representation to the Alumni alone and also limits it to only those who have held the office of the president of the Alumni Association. The submissions recommended a more democratic process of election where all alumni members can contest.</p> <p>(iv) The relationship between the University and NUC is functional. The NUC provides the supervisory roles as and when due and the university has complied adequately with the requirement of NUC. The relationship is very cordial.</p> <p>(v) The FME is the apex policy institution in Nigeria. It has direct relationship with ABU and indirect relationship through NUC. This arrangement has been effective and functional.</p>
