Preface

On behalf of the National Universities Commission, I am pleased to present the 2017 edition of the *Digest of Statistics of University Education in Nigeria*. In this edition, we have provided detailed information as at the end of 2017 on a host of indicators including enrolment (undergraduate and postgraduate), graduate output, fees, funding of each university, total number of staff (academic and non-academic, including their gender), total number of Professors (male and female), number of foreign students and staff, ICT infrastructure and services and information on the academic programmes in each university.

Our aim is to provide all stakeholders in university education with the most comprehensive data for planning, decision making and other needs. To make this report as accessible and continuously relevant as possible, it is available in both print and electronic formats (www.nuc.edu.ng) and would be reviewed annually.

We hope that this report will be a valuable reference for researchers, professionals, policy makers, donor agencies and educators.

I thank all the Vice-Chancellors and their team who provided all the relevant data. I am also grateful for the tremendous efforts of the Chairman of the NUC Strategy Advisory Committee, Professor Peter A. Okebukola for making this edition a success. Finally, I thank all the staff of the NUC who assisted in the collation, editing and other support.

Abubakar Adamu Rasheed, *mni, FNAL, MFR*
Executive Secretary
National Universities Commission
April 2018
